Principles of Macroeconomics became an instant best seller with its first edition and continues to be the most popular and widely used text in the economics classroom. Instructors found it to be the perfect complement to their teaching. A text authored by world-class writers and economists that stressed the most important concepts without overwhelming students with an excess of detail was a formula that was quickly imitated, but has yet to be matched. The sixth Canadian edition of Principles [Principles of Macroeconomics: N. Mankiw: 9780538453066 ...](#)

A nice clear introduction to some principles of economics, but a book that is entirely uncritical and one-sided regarding some very controversial policy topics. Writing is concise and accurate on the theories of Macroeconomics, however the real-world applications are often problematic. [Amazon.ca: macroeconomics mankiw](#)
